Strong web app developer with experience in DevOps, AWS, CI/CD pipeline development, seeking a position to contribute my skills to a great application

EXPERIENCE

JUNE 2017 – PRESENT

SOFTWARE DEVELOPER, BOWTIE

Specialized in Ruby on Rails backend development with React front end SPA. Developed custom CI/CD pipeline with automated deployments to AWS ECS with all applications Dockerized, running through a lambda pipeline.

EDUCATION

MAY 2022

BS COMPUTER SCIENCE, CSU GLOBAL

Current GPA of 4.0 with a degree specialization in virtualization and cloud computing technologies

MAY 2011

HIGH SCHOOL DIPLOMA, SILVER CREEK HIGH SCHOOL

Graduated with GPA of 3.5

SKILLS

- Ruby on Rails
- React
- CI/CD pipeline
- AWS
- Node.JS

ACTIVITIES

Currently possess four AWS certifications with all three associate certifications achieved, also pursuing both professional certifications. I enjoy gaming on Fortnite and Rocket League in my free time.
